

Professional Development And Growth  
IS 1

The instructional staff shall participate in an organized professional growth program. Emphasis and activities will be planned annually by a committee of representative teachers, principals, supervisors, and/or other administrators. The Associate Director for Instruction and Professional Development shall coordinate all planning and recommend to the Director of Schools activities to take place. The Director of Schools has final responsibility for the program and makes recommendations for board approval.

All inservice education programs adhere to the Tennessee State Board of Education guidelines and to Tennessee Code Annotated 49-6-33004
