

**Skyward Family Access  
2018-2019 Registration for Returning Students**

**How do I to complete the Registration Update?**

Registration update is done through your Skyward Family Access account using a browser. Registration **cannot** be completed through the mobile app.

**For best results, complete registration using a non-mobile device.**

**Select *Go to 2018-19 Registration for Returning Students*.**

If you have more than one student, complete the registration for each child individually.

**How do I obtain a Family Access Account?**

An email was sent recently to all parents/guardians with the link to Family Access as well as temporary login information. If you did not receive this information, please contact your student's school to obtain this information.

**Saving and Completing**

For each step, complete the required information and select complete step and move to the next section. You may save and come back later if needed.

You can complete everything at once or in parts. You must complete each step in the registration process. When a step is complete you will see a green check mark.

**Submitting**

The last step will allow you to review your information and select "Submit Fall 2018 Registration".

After submitting, you receive a confirmation message. You can review your information and if needed, make changes.

**Corrections**

Remember to check Family Access for messages in case corrections are needed.
